

# Connect your panels to any facility management system with a single click

Acti 9's prefabricated, one-click control wiring and Modbus protocol makes communication fast and easy

## Monitor, control power on every floor, sector, office, and workshop

The new Acti 9™ communication system is ready-to-connect, and easily integrated with any facility management architecture. It combines basic control with optimum protection to manage energy efficiency solutions in any environment. Using flexible, robust, and easy-to-use Modbus communication protocol, the system provides real-time data from your panels and circuits. It fine-tunes load control and monitoring, and includes prefabricated wiring to give you instant, error-proof connectivity.

## A better use of energy, from start to finish

The Acti 9 system also gives you unmatched operational efficiency. Its flexibility reduces project and installation costs, and provides the most reliable, configurable, and extendable modular communication system to your customers. It adapts to any future developments, and becomes a key element in your energy efficiency strategies, now and in the future.

Component selection is easy, design is simplified, and upgrades are painless. And as new standards emerge or building requirements are modified, Acti 9 scales to meet your needs.

Available only from  
Schneider Electric™

Discover how robust automation, control, and monitoring of energy usage can deliver up to 30% energy savings

Acti 9 communication system

## Panel communication has never been so flexible and fast to implement

### Ready to be connected

Centralize control, collect energy meter data with just a simple communication module.

### Save 40% of your time

One-click, prefabricated wiring for communication between your distribution panel and any facility management system.

### Safe and reliable

Reliable, error-proof manufacturer-guaranteed connections. EMC tested for immunity, radiated, and conducted safety.
